COUNTRY CLUB

## TRAFFIC DIVERSION DUE TO SEWERAGE AND DEMOLITION WORKS

With upcoming demolition works to facilitate the redevelopment of the Bukit Freehold Land and sewerage diversion works by the Land Transport Authority, the traffic route at the Bukit location will be affected.

To facilitate works for the above, Members are advised that it will be a one-way traffic route throughout the Clubhouse from **17 April to 16 May 2020**.

Temporary Carparks E and F will operate from **17 April 2020** onwards due to the closure of certain carpark lots during this period.

The Club would like to remind Members to observe and obey the traffic directions during this period for the safety and convenience of all drivers.

Thank you.
