

CLOSURE OF BUKIT FREEHOLD LAND CLUBHOUSE

The Bukit Freehold Land Clubhouse will cease operations on **Monday, 13 July 2020** to begin the preparatory works for demolition in Q3 2020.

These are the updates of the facilities in the vicinity:

Facility	Status
Bukit Gym (next to Bukit Swimming Pool)	Instead, a Bukit Temporary Gym (Located next to golf bag drop-off point) will open from Saturday, 11 July 2020 onwards.
Tennis & Squash Complex	Available until further notice
Bukit Swimming Pool Changing Rooms	Closed from Monday, 13 July 2020 onwards

The architecture structure of the 30 plus year old clubhouse has weakened and the underground sewerage pipes have been damaged from wear and tear, ground movement and tree root intrusion. Just last week, the sewerage pipes burst and caused the Bukit Gym and the Changing Rooms to be flooded. The damage and foul smell from the sewage make it impractical to continue operations. It will be financially prudent to retire the building earlier as the repair and restoration costs are high, and to begin the preparatory works for demolition.

Thank you for your understanding.
