## DEMOLITION AND CONSTRUCTION WORKS FOR THE REDEVELOPMENT OF BUKIT FREEHOLD LAND

The demolition and construction works for the redevelopment of the Bukit Freehold Land (BFL) will commence on **Monday, 5 October 2020**. The project is estimated to be completed in 2022.

Heavy vehicular movement is expected along Sime Road, and Members are advised to plan ahead when travelling to and fro the Bukit Location. For your safety, please stay away from the construction site and adhere to the signage in the area. Soundproof barriers and hoardings will be set up around the construction site to minimise noise and dust.

Please note the different phases of the demolition and construction works that will impact vehicular directional movement and carpark availability.

### Preparatory Phase – Monday, 28 September 2020 Onwards

Carpark A and the inner ring of Carpark B will be closed, and Temporary Carparks E and F will be set up behind the existing Carpark D to create additional parking lots. Drivers will continue to use the one-way traffic route around the construction site.

# DEMOLITION AND CONSTRUCTION WORKS FOR THE REDEVELOPMENT OF BUKIT FREEHOLD LAND

## Demolition Phase – November 2020 Onwards

Carparks A, B and C will be completely closed and Members and guests can only park their vehicles at Carpark D and Temporary Carparks E and F. A two-way vehicular traffic flow will only be along Sime Road.

Thank you for your patience and understanding as we work on this new Clubhouse for Members and future generations.
